

Amendments to the Claims

Please cancel Claims 2-4. Please amend Claim 1. The Claim Listing below will replace all prior versions of the claims in the application.

Claim Listing

1. (Currently Amended) A light emitting diode assembly for an illuminated sign, the light emitting diode assembly comprising:
 - a case being open upwards, in which a connecting recess is formed on upper portions of both sides of the case ;
 - a printed circuit board being installed in the case and being mounted on upper sides of a plurality of light emitting diodes;
 - a hollow cap being coupled in the connecting recess of the case, in which a plurality of wires pass through the cap, wherein the cap includes a guiding pipe, in which a coupling groove is formed along a lower edge of the cap so that the cap is inserted into the connecting recess of the case, in which the guiding pipe outwardly protrudes from one side of the guiding pipe; and
 - a synthetic resin material for covering the printed circuit board, the cap and the light emitting diode, the synthetic resin material being filled in the case.
- 2-4 (Canceled)
5. (Original) The light emitting diode assembly for an illuminated sign as claimed in claim 1, wherein the synthetic resin material comprises an epoxy resin.
